

## INSULATED LUNCH BAG USE AND CARE INSTRUCTIONS

### TO USE:

1. Remove all packaging/sticker labels.
2. Wipe down the inner lining with warm soapy water and a soft cloth - allow to air dry before sealing.
3. Use storage containers or sealed bags within the lunch bag.
4. Wipe the inner lining with warm soapy water between uses, spot clean the outer material as required and allow to air dry before sealing or storing.

### CARE:

- Do not use abrasive cleaners containing bleach chlorine or other abrasives and harsh chemicals.
- Do not immerse in water, as the insulating materials will absorb water and can be difficult to dry out.
- Empty contents of the lunch bag after use to prevent odours and stains.
- Do not use in the microwave, washing machine, dishwasher or dryer.
